Dear Mr. Whiting:

Enclosed are the analytical results of your sample(s), Laboratory number(s) 4-19757 and 4-19758.

The samples were analyzed for the characteristics of extraction procedure toxicity and also for the additional parameters as required by the Iowa Department of Water, Air and Waste Management.

Should you have questions concerning the analytical data, please contact us at (515) 281-5371.

Sincerely,

Lee A. Friell
